

LEED Credit Product Checklist for Lyons Manufacturing Products

BONDALL

Existing Building Restoration or Rehab

MR Credit 5.1 and 5.2 – Regional Materials

For Projects within 500 miles of Dallas Texas, BONDALL should be considered a 38% Regional Material. Properly reported most liquid bonding agents are only going to be limited regional materials. In addition to the bonding agent manufacturer having to be regional the resin manufacturer would also need to be local.

IEQ Credit 4.1 and 4.2 – Indoor Low Emitting Materials

BONDALL has a maximum VOC emission of 3.38 g/l when used as an interior surface bonder. When used as integral admixture the emissions will be less.

New Construction

MR Credit 5.1 and 5.2 – Regional Materials
